

Resolution of the EuroFIA Group, Dublin Meeting June 2nd 2015

The EuroFIA group of the International Federation of Actors, meeting in Dublin on the 2nd of June 2015, expresses its full support for, and solidarity with, the struggle of cultural workers in Portugal, including performers, to defend their core labour rights, as well as the rights of all citizens to enjoy access to a culture that is rich, diverse and affordable, maintained through a cultural policy worthy of the name and in line with the best European and Portuguese traditions.

The campaign will be launched on the 9th of June with a huge demonstration by the cultural sector to improve the lot of cultural workers, to confirm the place of a culture as a public service in the Portuguese constitution and to increase the allocation for culture in the national budget to 1% annually.
